Permanent HCPCS code for InnovaMatrix® AC is effective on 01/01/2022.

A2001 is defined as: InnovaMatrix® AC, per square centimeter.
A2001 is to be used in the Physician Office setting.

Typically, cellular- and tissue-based products are granted Q Codes. This coding cycle, CMS gave InnovaMatrix® AC (and several other products) A Codes and noted this coding series is for synthetic products. While InnovaMatrix® AC is not a synthetic product, it was grouped into this category.

The A Code will be billed with the CPT series 15271-78 series (just like Q Codes).

Once a rate for A2001 in Novitas is established, it may be updated on a quarterly basis. Prior to rate establishment, Novitas will price A2001 using the invoice cost. Please check with Triad’s Reimbursement Hotline for the most up to date rate information.
